

NLT

Narrative Lab Teams

Narrative Lab Teams (NLT) is a narrative research center associated to the Universidad de Alcalá in Spain. *NLT* has traditionally specialized in analyzing extensive plurimodal corpora through mixed method analysis – distant and close reading – and has successfully published at the highest level through teamwork and team methodologies with bachelor students. *NLT* is currently branching out into interdisciplinary and cognitive narrative studies.

Main topics:

Mixed method analysis

Undergraduate students

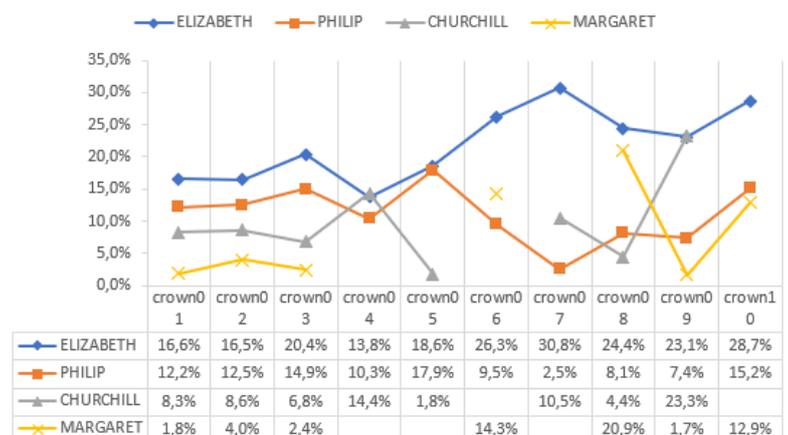

Large corpora

Distant / close reading

Teamwork & team methodology

Storyworld possible selves

Cognitive narrative thematics
